Tournament Rules

1. All Tournament play will take place on designated Tournament gaming machines. No coins or tokens are required for Tournament play. The machines do not pay out coins for wins but will accumulate Tournament point totals on the "win" meter. Tournament points accumulated are based on the "maximum coins in" payout scale.
2. "Spinferno" gaming machines are the designated machines for the Tournament. Machine assignments will be done via random selection. Entrants will play in each of the *two 2-minute rounds*.
3. Players must be a member of Club One™ to participate in the Tournament.
4. Registration will take place at the Vue Bar, located on the 2nd floor Casino at the D. on Friday, October 11th from 4:45 PM to 5:30 PM. The Tournament is limited to the first 96 people to register.
5. No walk-up participants who have failed to timely register will be allowed to enter the Tournament.
6. This Slot Tournament buy in is \$20.
7. Play begins on Saturday, October 12, 2019 at 4:00 PM.
8. Players must be at least 21 years of age to participate in the Tournament.
9. Players must be in the Tournament area 10 minutes before they are scheduled to play. In the event a player is not present at the start of the round, a machine will be started and the entrant may play the remaining time, if any and the score will be recorded. (If a player misses a round, they will NOT be allowed to play in a make-up round. In exceptional circumstances, this rule may be waived at management's discretion.)
10. Tournament play is a race against time: the player that accumulates the most points in the two rounds of play is the winner. The more spins a player can get out of the machine, the greater the chance to accumulate points. The points will add up on the win meter every time a player hits a winning combination. The reels will not spin again until the points have been added to the score. Players may continue to push the spin button while the points total-- this will not harm the machine.
11. At the end of the round, the time counter will read "0" and the machine will automatically stop. If the clock reaches "0" while a winning combination is displayed on the pay line, the machine will still total the points for that combination.
12. When the playing round is finished, players should REMAIN SEATED AT THE MACHINE until Slot Tournament officials collect their score printout from the machine.
13. It is unusual for a machine to malfunction during a round, but should this happen, the player will have a choice of replaying the round OR keeping the score received at the time of the malfunction. Contact a Tournament official immediately.
14. Results of the Tournament will be announced at 5:30 PM by the Spinferno machines.
15. The prize pool will be awarded in cash and will be distributed as follows:

1 st Place	\$950
2 nd Place	\$570
3 rd Place	\$380
4 th Place	\$20

16. NO SMOKING during Tournament play.
17. Management reserves the right to cancel this Tournament, amend Tournament rules, or amend prize distribution at its sole discretion.
18. Employees and their family members are excluded from participating in this Tournament.
